the United Kingdom; and the United Kingdom;  
and residents respectively of

Deal, Kent, England; and Birchington, Kent, England;  
GB2

that we verily believe we are the original, first, and  
joint inventors of the invention or discovery in

TRIAZOLE ANTIFUNGAL AGENTS

described and claimed in the annexed specification;  
that we do not know and do not believe that the same  
was ever known or used in the United States before our  
invention or discovery thereof, or patented or described  
in any printed publication in any country before our  
invention or discovery thereof, or more than one year  
prior to this application, or in public use or on sale  
in the United States more than one year prior to this  
application; that said invention or discovery has not  
been patented or made the subject of an inventors'  
certificate in any country foreign to the United States  
on an application filed by us or our legal representa-  
tives or assigns more than twelve months prior to this  
application; that we acknowledge that we have a duty to  
disclose information of which we are aware which is  
material to the examination of this application in  
accordance with Title 37, Code of Federal Regulations,  
Section 1.56(a); that we have reviewed and understand  
the contents of the specification, including the  
claims; and that no application for patent or inventors'  
certificate on said invention or discovery has been  
filed by us or our representatives or assigns in any  
country foreign to the United States, except as follows:

U.K. Application No. 9002375.5, filed February 2, 1990,  
from which priority is claimed.

We further declare that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon;
